EXPERIENCE

Sept 2013 - Present

Scout | *Project Lead and Founding Member*
Boston, MA
Helped to build the foundation of Northeastern's first student-led design studio. As a project lead, was responsible for scheduling and running weekly meetings with the client and leading a small team of designers. The scope of projects ranged from large print installations to full re-branding efforts to web and mobile app design.

Oct 2014 - Present

Tastemakers Magazine | *Design Director*
Boston, MA
Managed a team of designers for Northeastern's student music magazine. Ran meetings, critiques, facilitated communication between designers and staff writers, designed spreads and compiled the final layout of each issue.

Oct 2012 - Present

Freelance | *Design and Front-end Development*
Boston, MA
Contracting design work varying from branding and logo design to poster design to web and ux design with front-end development.

Jan 2014 - July 2014

Hubspot | *Web Design Co-op*
Cambridge, MA
Designed and developed pages for the HubSpot website using their CMS, SCSS and Javascript. Worked alongside other members of the Product Marketing team to organize content thoughtfully and design layouts for new pages and applications used to market their software.

Jan 2013 - July 2013

Growth Ventures | *Interaction Designer*
Cambridge, MA
Worked with the lead designer and developer to design a web interface for their data visualization tool. This process began with wireframing and extended to implementing the final site in html and css. Traveled to Brazil to conduct user testing, generate feedback and interface with the client.
